**THE GREATEST HOMES ON EARTH!**

**WWW.RASHTEAM.COM (302) 422-3901**

Bill Rash, Natalie Melson, Carolyn Rash, Jim Rash

There's more to selling your home than just money. Maybe you have a personal attachment that goes beyond the business deal. One thing for sure, throughout the process you want peace of mind. We've all heard horror stories about rookie agents, incompetent lawyers, uncooperative mortgage companies, termites, structural problems, leaking roofs, property survey issues, water tests, and failed septic systems.

Unfortunately, the list goes on and on. We've navigated our way through all these issues and more for our sellers. We do what must be done to get your house sold with the least amount of aggravation for you. We can do that because we have four licensed agents working for you, keeping your best interest in mind. Always. Now may not be the time for you to think about selling. But if it is, would you call us? We'd like to tell you more about how we do business. Thank you.
