What a great house! This Delaware Cape-style home has all the charm you'd expect for a home that's over 100 years old. The Living Room runs the width of the house and has a brick wood-burning fireplace and open beams. The Dining Room's oak hardwood floor is absolutely stunning. The Kitchen still has the original built-in cabinetry (yes, there's a corner cupboard!) and double sink. Upstairs, there are two bedrooms, a study, and a full bathroom. Porches front and back (the back one's enclosed and has tongue and groove knotty pine paneling) complete this unique home.

There's a 3-car detached garage with a room above. All this on a 1-acre corner lot. Ready to take a look? Go to RashTeam.com where we've posted over 80 pictures of this home, then call me at 302-632-0183 for your showing.
