This is one of those fortunate homes that has had the same owner for about the last 30 years.

When you see it you'll appreciate the pride of ownership and know it's been well-maintained.

The Living Room is spacious, the Eat-In Kitchen can accommodate a dining table and hutch, and the Sun Room is off the Kitchen/Dining area. Out back, there's a 16x16 patio bordered with white vinyl picket fencing.

The 10x12 shed is just behind that and there's a second garage (2-car plus workshop - 20x32) at the back of the property that has alley access. Next to it is a 16x32 above-ground pool. It's really quite the property.
